Pension Bills in the Senate-Correcting the Record-An Angry Debate.

FORTY-EIGHTH CONGRESS. The Senate.

WASHINGTON, Feb. 7 -The Chair laid before the Senate the new set of credentials of William M Era ts, Senator elect from New York. Read and filed.

Mr. Sherman, from the Committee on Library, reported the joint resolution, which passed, accepting the offer made to the Government by William H. Vanderbilt and Mrs. Grant, of the swords, medals, bronzes. paintings and other articles of value presented to General U. S. Grant by the various Governments of the world as tokens of appreciation of his illustrious career as a soldier and statesman. The resolution expresses the thanks of Congress to Mr. Vanderbilt and Mrs. Grant, and provides that the articles shall be placed in charge of the Librarian of Congress-the Secretary of War, however, to receive them for safe keeping until a proper repository may be pro-vided for them in the Congressional Library. The Chair was authorized to appoint two

occasion of the count of the Presidential Mr. Cameron, of Pennsylvania, called up the bill to authorize a retired list for privates and non-commissioned officers of the United States Army who served thirty years or up-ward. After debate the bill passed—yeas, 37; nays, 5. The nays were: Messrs. Coke, Conquitt, Harris, Saulsbury and Vest. Private pension bills already favorably re-

ported and on the calendar were then taken Mr. Van Wyck moved an amendment to one of the private pension bills, providing that all soldiers' widows or minor children who, by existing law, are or may become entitled to \$8 a month shall in future receive \$12. Mr. Van Wyck explained that the provision was the same as that which the Senate had put in the Mexican Pension bill. There seemed to be no other chance, Mr. Van Wyck said, to get justice done to a large

number of deserving people who were now receiving pittances of \$8 a month. Mr. Blair thought the amendment might d-feat the Mexican Pension bill. Mr. Van Wyck said it was already sub-stantially defeated. Neither Mexican soldiers nor any others would receive anything from the House before the 4th of March.

Mr. Van Wyck's amendment was agreed to-yeas, 37; nays, 12. The Chair named Messrs. Hoar and Pendieton as tellers on the part of the Senate in the count of the Electoral vote on Wednes-

Mr. Jones of Florida, presented credentials of the re-election of Senator Call, They were filed.

The Senate then took up the District of Columbia Appropriation bill, which, after some amendments of detail, passed. Mr. Hampton called up the bill to restore Tenedore Ten Eyck to his rank in the army and place him on the retired list. The bill passed. It does not include pay for the

term he has been out of the army. The Senate then went into executive session and when the doors reopened adjourned.

The house.

Mr. Singleton, from the Committee on Library, reported back the joint resolution extending the thanks of Congress to Captain M. A. Healy and his associate officers of the revenue marine steamer Corwin.

Mr. Reagan asked unanimous consent to take from the Speaker's table the Interstate Commerce bill with the amendments thereto, for the purpose of non-concurring in these amendments, but Mr. O'Neill, of Pennsylvania, objected.

The House then proceeded to the consideration of business under the special rule. On motion of Mr. O'Neill. of Missouri, the bill passed appropriating \$20,000 for the re-sief of the Christian Brothers' College of St.

An attempt made by Mr. Stockslager to have passed the bill appropriating \$100,000 for a public building at New Albany, Ind.,

Mr. Young rose to a question of privilege, and said he desired to correct some inaccuracies in the Record, which might involve the necessity of correcting himself. The Record this morning reported him as saying that he had conversed with every member of the committee except one, that he found but one to assume the responsibility to defeat a certain measure. He did not think he had made such a statement until he had been told by several members that that was his language. He had corrected it in a subsequent part of his remarks. He did not intend to state that he had a conversation with every member of the committee, and did intend to say that he had spoken to a number of them, and had no intention of doing an injustice or being offensive to a single mem-

Mr. Willis said a number of gentlemen had called his attention to the fact that the languase he employed yesterday might be sus-ceptible of harsher construction than he intended. He wished to disclaim any intention of imputing personal dishonor to the gentleman from Tennessee.

Mr. Young said he had expected such a statement from the gentleman. He had not believed the gentleman intended to reflect on

On motion of Mr. Willis a recess was ordered from 6 o'clock to-day until 10 o'clock Monday, and the House then went into Com-mittee of the Whole, Mr. Hammond in the Chair, on the River and Harpor bill.

Mr. Dibble offered an amendment increasing from \$50,000 to \$300,000 the appropriation for the improvement of the harbor at Charleston, S C. Lost -53 to 73. Mr. Hepburn moved to strike out the para-

graph making appropriations for the improvement of the narbor at New Orleans. I will say that the office of 'Prosecuting At-Lost-70 to 90.

A large number of amendments were of-fered by Messrs. Davidson, Turner of Ken-tucky, Nicholls and Van Alstyne and were severally voted down.

At 5 o'clock Mr. Townshend moved that the committee rise. He wished to move that the House adjourn, having been advized that it was the intention of friends of the River and Harbor bill to continue the legislative day throughout Monday, and lished in a number of other counties of the thus crowd out the regular appropriation State; but all have in turn been ablished exbill. The motion was lost.

Mr. Holman moved to amend so as to provide that money appropriated for New Orleans harbor shall be expended under the direction of the Secretary of War instead of under the jurisdiction of the Mississippi

by private parties or municipalities.

Mr. Hunt opposed the amendment, and declared that the appropriation was not intended to benefit private interests.

Mr. Hepburn said he understood the appropriation was intended solely, or mainly. for the protection of individual property of

residents opposite New Orleans. "You are mistaken." interrupted Mr. Hunt, "and it is not so" "I appeal," continued Mr. Hepburn, "from the gentleman's interested statement to better, the statement that I find here in

the report of the engineers." "What do you mean by 'interested' state-

ment?" exclaimed Mr. Hunt. "I mean what I say," replied Mr. Hep-"Interested how?" persisted Mr. Hunt.

"As a Representative," replied Mr. Hep-"Do you mean as a man of honor?" con-

tinued Mr. Huot "Oh, certainly," replied Mr. Hepburn;

which daily characterize considertion of the River and Harbor bill was averted. On the amendment the vote stood 53 to 67, no quorum, and the committee rose.

The House then took a recess till 10 o'clock Monday morning.

And thus the usual warm discussions

A Terrible Tragedy.

St. Louis, Feb. 7 .- A dispatch from Vincennes, Ind., to the Chronicle says there was a double man, who has four children sick with typhoid fever, has been lately very religiously inclined, even fanatically. Last evening he was praying over his sick children when his wife told him if he would build a fire he would do them more real service than by praying. This enraged Strotman, The Chair was authorized to appoint two tellers to act on the part of the Senate on the bis father in law, Chris Ottesmeyer, sixty three years old, till he killed him. Strotman was finally overpowered by the police, but not until City Marshal Romer had been badly beaten. Mrs. Strotman is fatally injured. The murderer is jailed and thought to be insane.

What Arabi Pasha Says.

CEYLON, Feb. 7 .- Arabi, in an interview upon CEYLON, Feb. 7.—Arabi, in an interview upon the fall of Khartoum, said he believed before the capitulation of the city the Mahdi had at least 150,000 soldiers. By soldiers, Arabi said he meant only men armed with spears. The Prophet's army, Arabi continued, varied in size according to the news of the British success or ravese, upon which the disposition of the tribal chiefs depended. He believes the capture of Khartoum will draw all the Arab Chiefs under the standard of the Mahdi. Around Khartoum, Arabi thinks, the Prophet had at least 70,000. the Prophet had at least 70,000.

The Alaska Heard From. New York, Feb. 7 .- The steamer City of Chester,

passed the steamer Alaska on the 5th inst. The Alaska was then putting in for Halifax. The Third Officer of the City of Chester, who was in charge when his vessel passed the steamer Alaska, states that at the rate the latter was going she should reach Halifax to-night.

The Garfield Suit. CIEVELAND, O., Feb. 7.-Mrs. J. A. Garfield filed answer to day in the Common Pleas Court to the petition of Thankful Tanuer, who entered suit a few days ago against Mrs. Garfield for \$25 .-600. Frank Biair's Statue. CINCINNATI, Feb. 7.—The bronze statue of Frank P. Biair, ordered by the city of st. Louis, was successfully cost to-day at the Cincinnati Art Foundry in the presence of a large assem blage of citizens interested in art. The model was the work of W. W. Gardner, of St. Louis.

The Whipping Post. WILMINGTON, Del., Feb. 7.—Nine convicts were whipped at Newcastle this morning, eight for larceny and one for burglary. The latter, a negro. received twenty lashes and stood for an hour in

the pillory; the others received ten lashes each.

Posto fices and Spoil Hunters. DANVILLE, Ind., Feb. 7 .- We are having in a quiet way about as much interest in our Republican county over the subject of the "distribution of the spoils" as was witnessed in the last campaign over the fight to "turn the rascals out." There are three prominent candidates for the Postoffice-Dr. A. N. Towles, John Mesler, and last, but not least, the old veteran Democrat, A. P. Pounds. These gentlemen are all worthy and competent, but those that assume to know best have fixed up the slate in this

A. P. Pounds, the noblest Roman of them all, deserves something far better than the postoffice, and therefore his friends will make a very persistent effort to have him appointed Collector of Internal Revenue for this district. No man in the State, and much less Hendricks County, is more de-serving recognition at the hands of the in-

coming administration than A. P. Pounds. Then at to the Postoffice here. Dr. A. N. Towles got into the field while his opponents were sleeping, and got about two thirds of the Democrats that get mail here to sign his petition. Thus they were defeated before the battle began, as Colonel Matson had said that he would recommend the one who received the greatest number of Democrats living or getting mail at Danville to sign his

So the word should go forth to the troubled waters "Peace, be still!" A. P. Pounds will be Collector of Internal Revenue, and Dr. A. N. Towles will run the Postoffice during life or good behavior. So mote it be be.

"Sawdust Used Medically."

This is one of the latest ideas in medicine. But whatever you do with your sawdust, don't take it internally. Bathe your head with it, scratch your back with it, or make a sticking-plaster of it—only don't swallow it. Athens, Ga, who was supposed to be the missing Mr. Conant, turned out to be Mr. Nostrand, who The great medicine for debility, weakness, is in the employ of the Harper Brothers. yspepsia, rneumatism and liver troubles is Brown's Iron Bitters. Mr. John Jenkins, of 138 Jefferson street, Baltimore, says: "Malaria left me very weak. Brown's Iron Bitters gave me health and strength."

Card From Mr. Bernhamer.

To the Editor of the Sentinel:

SIR-Tre Journal of Friday accuses me of 'lobbying to secure the passage of the partisan bill to create the office of Prosecutor of the Criminal Court of this county." and says "the bill is obviously

unjust and unneeded, and Judge Norton. himself a Democrat, who is most interested. is working hard to defeat it," etc. In answer torney is recognized in the Constitution, and when the Criminal Court of this county was established in 1865 the criminal jurisdiction was divided between the Courts of Common Pleas and Circuit Courts, each of which had a Prosecuting Attorney, but the same law which established the Criminal Court created the office of Prosecutor therefor. Subsequently Criminal Courts were estab-

Agreed to-71 to 60. | abolished and its duties transferred to that Mr. Hepburn offered an amendment pro-hibiting the expenditure of any of this tive Republican majority in Hendricks money in the erection, maintainance and County to overcome any possible Demo-

repair of levees, or in grading or revetment cretic majority that Marion County might of the banks of the Mississippi River owned give, and by this the Republicans secured the Prosecutor in 1882 and 1884, but at the last election this county gave the Demo-cratic candidate a majority of over 200 votes, which the Republican candidate easily over-

came in Hendricks County.

I do not know why Judge Norton, who was elected in 1882 by being the Democratic and Greenback candidate for Criminat Judge, is 'most interested." The law lays down his duties, and I am unable to find any authority 'for him working hard to defeat it" or giving him any personal interest. He is prohibited by law from practicing law, and am told that during last campaign he refosed to take any part therein for the reason that he held a judicial position, and decency required him to abstain from taking acy part in politics. If this is true the Judge was correct, but how can he reconcile his position then with that he occupies now, of personally appealing to Democratic members of the Legislature and its committee by him-self and through his bailiffs and personal friends, to defeat a measure that the Journal calls a partisan bill, and the passage of which could only result favorably to the Democrats, the party to which he belongs?

How does he find it consistent with his Democracy and the dignity of his judicial

position to twice appear before the Committee on the Organization of Courts and make an argument against this bill in the interest of a Republican officeholder, who pockets from \$8,000 to \$12,000 per year in fees in this county, that would, if the bill were passed, pass to the pockets of Democrats, can only be explained on the ground that the Judge expects Republican votes whenever he may again be a

If so, let me kindly call his attention to the fact that the Democracy of this county have elected men to office in the past who, after their election, became passive Damocrats and gave the patronage of their office and extended their favors to Republicans instead of Democrats, and every one of these failed of a renomination, and were not neminated for that or any other office thereafter. I say this bill is just, and ought to pass for these reasons:

1. The county of Marion should control the election of its own officers, and in case the county goes Democratic not be overridden by an adverse majority in Hendricks County, which is joined to its idols of Republicanism and mock temperance, for although there is not a licensed saloon in the whole county the liquor dealers and brewers report heavy demands from Hendricks County. 2. The present incumbent was repudiated

by the voters of this county.

3 The bill does not abolish the office but allows the present incumbent to perform the duties of his office in the Circuit Court to which office he was elected.

4. It is not a question as to whether he or any other Democrat should be appended to fill the vacancy. That rests with the Democratic Governor of the State. Respectfully yours,

WILL F. A. BERNHAMER. Indianapolis, Feb. 7.

A Bad Omen.

We should be heedful of warnings. Nature gives us such. Inactivity of the kidneys and bladder is an omen of danger. The diseases which attack those organs are among the most fatal and obstinate, and are usually preceded by the above symptom of growing weakness. The best invigorant under such circumstances is Hostetter's Stomach Bitters, a safe as well as active remedy. The proper degree of energy is imparted to the operations of these important secreting and discharging glands, without overstimulation, by the Bitters. In that respect, as in others, it surpasses and is preferable to diuretics which overact. The article is also a remedy for and preventive of chills and fever and bilious remittent, and cures rheumatic ailments, dyspepsia, debility and nervousness. Don't delay if you experience the well-known symptoms of any of these ailments, but use the Bitters at once.

Chinese Expelled from Eureka. EURERA, Cal., Feb. 7 .- During the riot last night between the Chinese, a stray bullet killed David Kendall, a member of the City Council. Another severely wounded a boy. The news created such inten se excitement that a mass meeting was called. Over a thousand citizens responded. Resolutions of indignation at the lawless acts of the Chinese were adopted. A committee was ap-pointed to notify the Chinese that they must all leave the city. Groups of citizens visited each Chinese house and compelled them to pack up their effects and then marched them to a large warehouse, where they are imprisoned, awaiting the departure of the steamer for San Francisco tomerrow. A second mass meeting, attended by 2,000, was held to-day. A standing committee was appointed empowered to prevent any Chinese

from locating in this city in the future. Weekly Bank Statement. New York, Dec. 7 .- The following is the bank
